# Rolling out fibre to the home under the National Broadband Plan

Association of Irish Local Government

Fergal Mulligan Programme Director National Broadband Plan 26 March 2021

- NBP & Government Policy 1.
- **Overview of Programme** 2.
- NBP Roll Out 3.
- In the Community 4.
- NBP & Local Authorities 5.
- **NBP** Contacts 6.
- Q&A 7.

# NBP & Government Policy

### **NBP & Government Policy**

### **Government policy in 2012 set the compass!**

All citizens and businesses in Ireland should have access to high speed broadband through:

- **Commercial investment** providing high speed broadband to majority of premises without the need for State subsidy
- State-led intervention aiming to ensure that the remaining premises have access to high speed broadband State subsidy where necessary

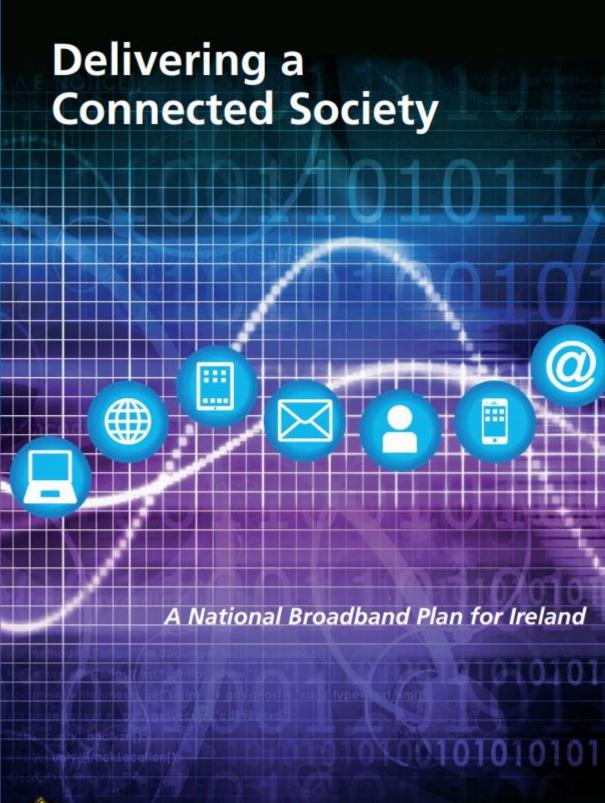

### In 2012 less than 50% of premises had access to > 30Mbps

4 An Roinn Comhshaoil, Aeráide agus Cumarsáide | Department of the Environment, Climate and Communications

Roinn Cumarsáide, Fuinnimh agus Acmhainní Nádúrth

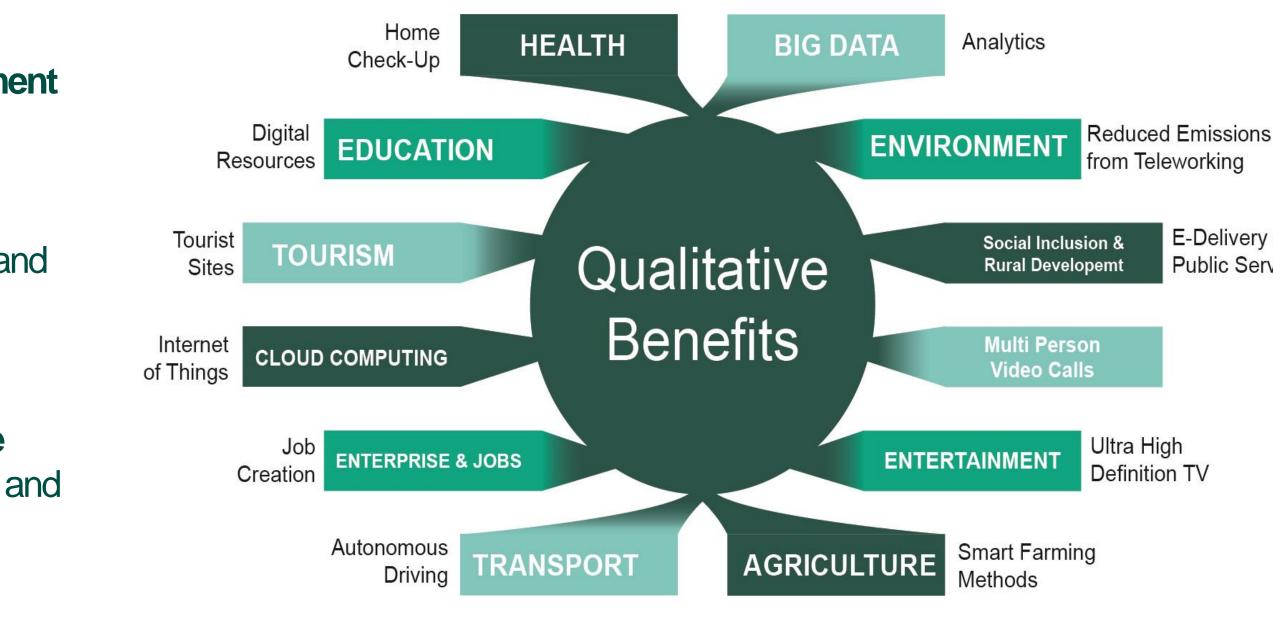

### **NBP & Government Policy**

- Delivering high speed broadband will support the **continued development** of rural Ireland, creating opportunities and attracting investment across the country.
- An enabler of modernised infrastructure under the National Development Plan, fostering development of new industries across Ireland and reducing reliance on/concentration in major cities.
- Rural Electrification brought renewed investment to rural communities and ensured sustainability for generations - the NBP is the 21st Century equivalent to Rural Electrification.
- As part of the **Remote Working Strategy**, the NBP can help **increase** employment in rural areas, reduce commute times and congestion, and re-invigorate rural Ireland.
- Covid-19 has changed the face of work, business, education and entertainment. The NBP will contribute to creating infrastructure that meets the needs digital needs for decades to come.

E-Delivery of **Public Services** 

# Overview of Rollout

### **Programme background**

Government Contract was signed on 19 November 2019 with National Broadband Ireland (NBI).

DECC is responsible for oversight of the 25-year contract.

A network of over 900 strategic connection points (incl. over 600 schools) being passed in the community by end of 2023.

In parallel, a fibre network is being deployed to pass all in-scope premises by the end of 2026.

7 An Roinn Comhshaoil, Aeráide agus Cumarsáide | Department of the Environment, Climate and Communications

### Roinn Cumarsáide, Gníomhai ar son na hAeráide & Comhsha Department of Communicatio limate Action & Environmen

The NBP is the largest infrastructural project in the State, covering 96% of Ireland's landmass.

Detailed work is ongoing to seek to accelerate the current timelines.

### **NBP** intervention

### Across 100,000km of road

1.1m citizens (23% population)

Over 600 schools

### Over 290 Broadband Connection Points

8 An Roinn Comhshaoil, Aeráide agus Cumarsáide | Department of the Environment, Climate and Communications

458,000 of the working population live in IA

Over 44,000 businesses (mostly small and micro)

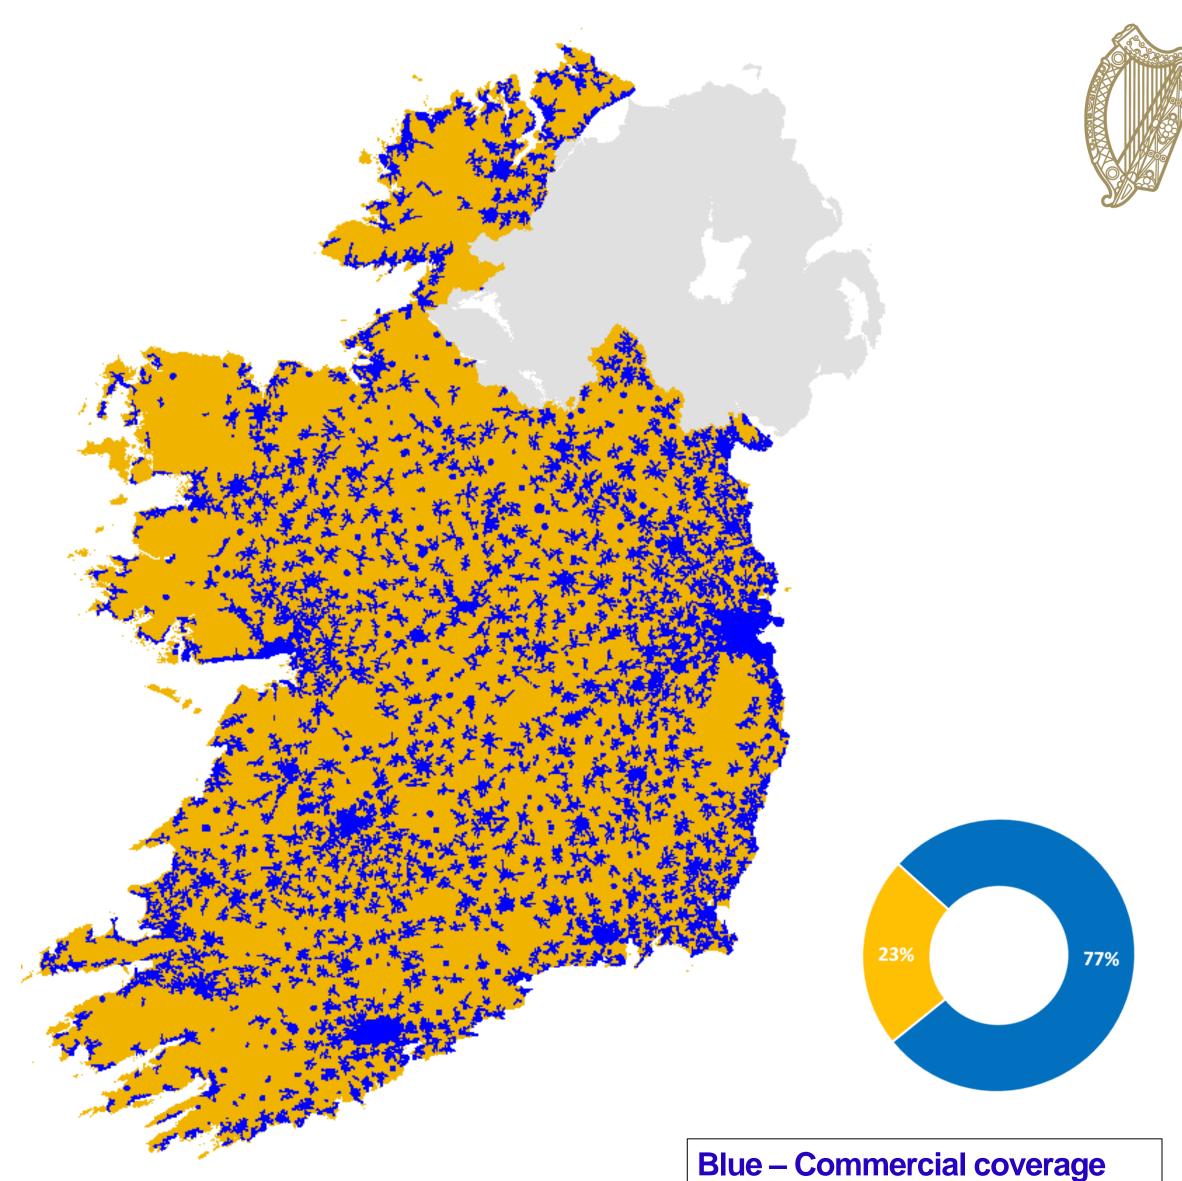

55,804 (68%) farms

### **Intervention Area**

### **Programme Challenges:**

- Very dispersed nature of homes and businesses across every townland.
- Amber represents circa 544,000 premises and scope of the NBI contract
- Building around and beyond the commercial FTTH intervention area.
- Communicating the Project and its timelines to a large and varied stakeholder group.
- Issues arising from consumers in Blue area unable to receive 30Mbps broadband.

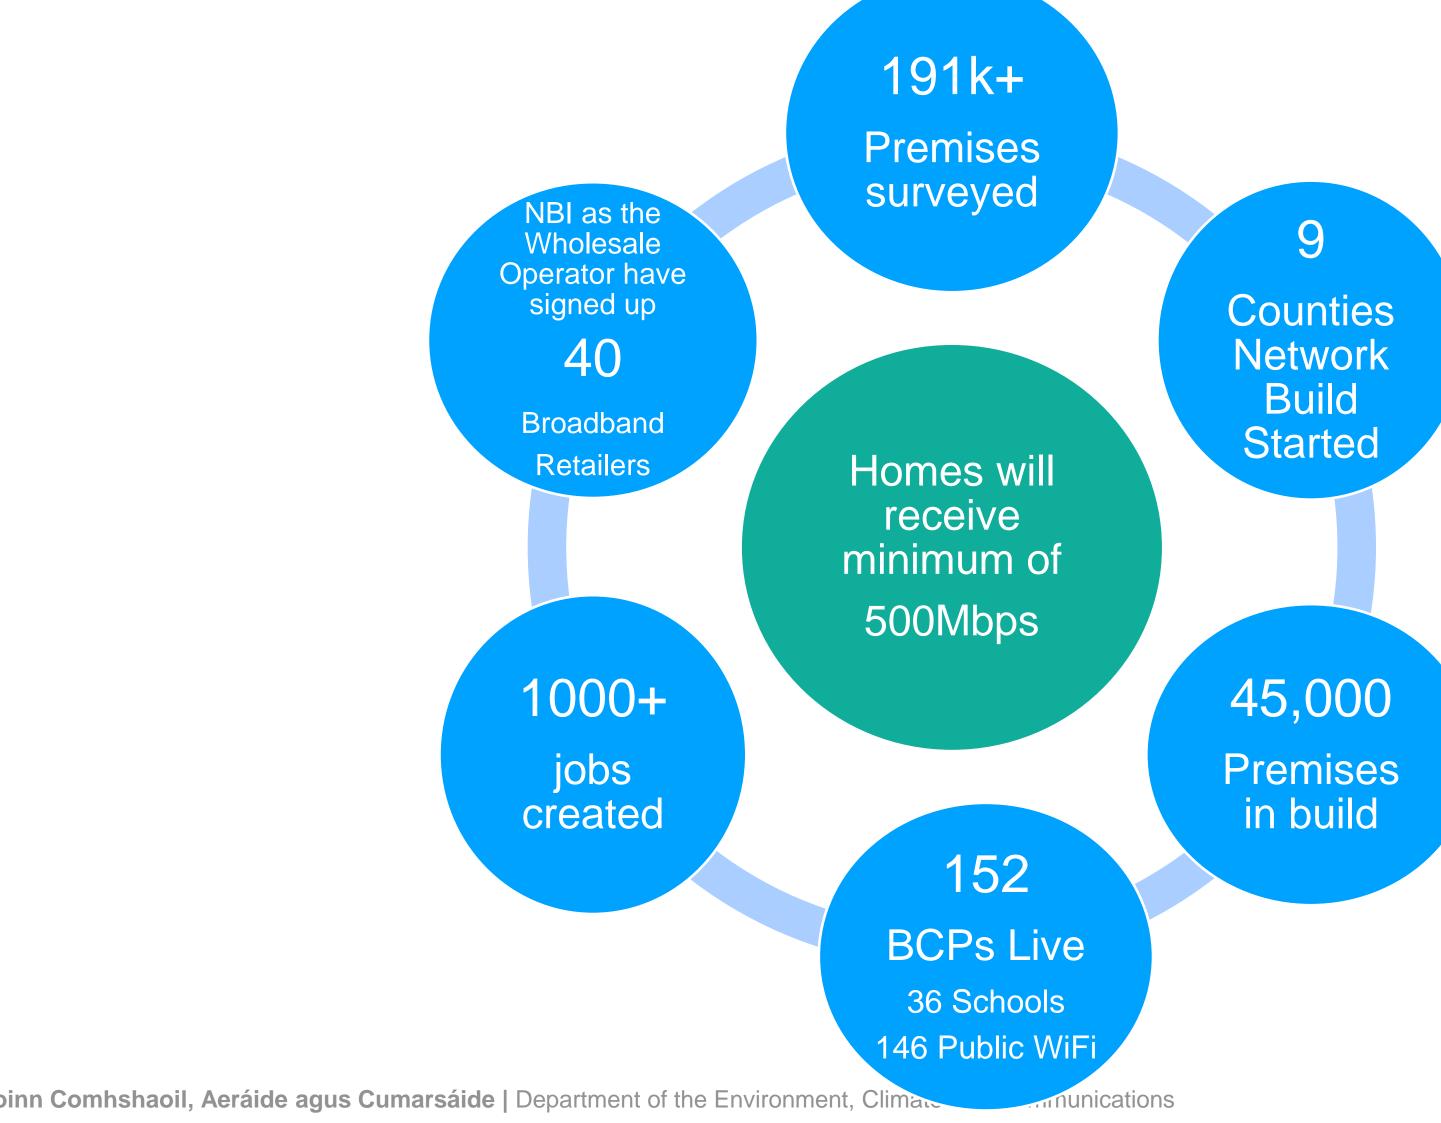

Amber - NBP Intervention Area

# NBP Roll Out

### **Key Highlights**

11 An Roinn Comhshaoil, Aeráide agus Cumarsáide | Department of the Environment, Climax

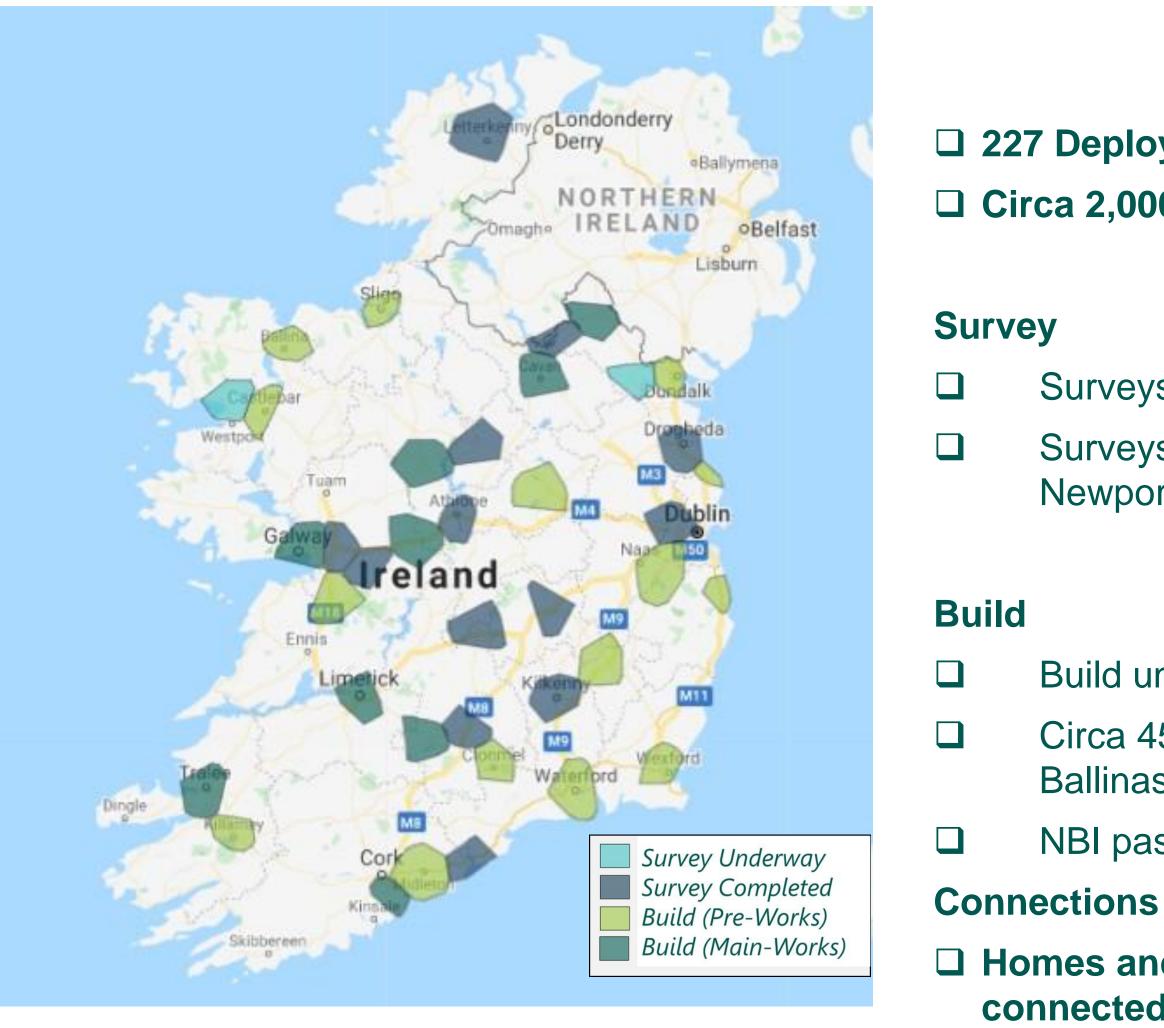

#### Data as of 10 March 2021

### Fibre Network Rollout Summary

**12** An Roinn Comhshaoil, Aeráide agus Cumarsáide | Department of the Environment, Climate and Communications

#### Data as of 10 March 2021

#### **227** Deployment Areas evenly spread across the State □ Circa 2,000 to 5,000 homes in each deployment area

Surveys Completed in 45 DAs: 191k of 544k+ premises.

Surveys Underway in 5 DA's : (Dunboyne,/Clonee, Ballylinan, Templemartin, Newport, Carrowmorelacken)

Build underway is 25 DA's across many Counties

Circa 45,000 premises across Carrigaline, Galway, Cavan, Limerick, Ballinasloe, Tralee, Monaghan, Roscommon, Tipperary, Dundalk, Midleton

NBI pass each home with fibre cable as first main deliverable

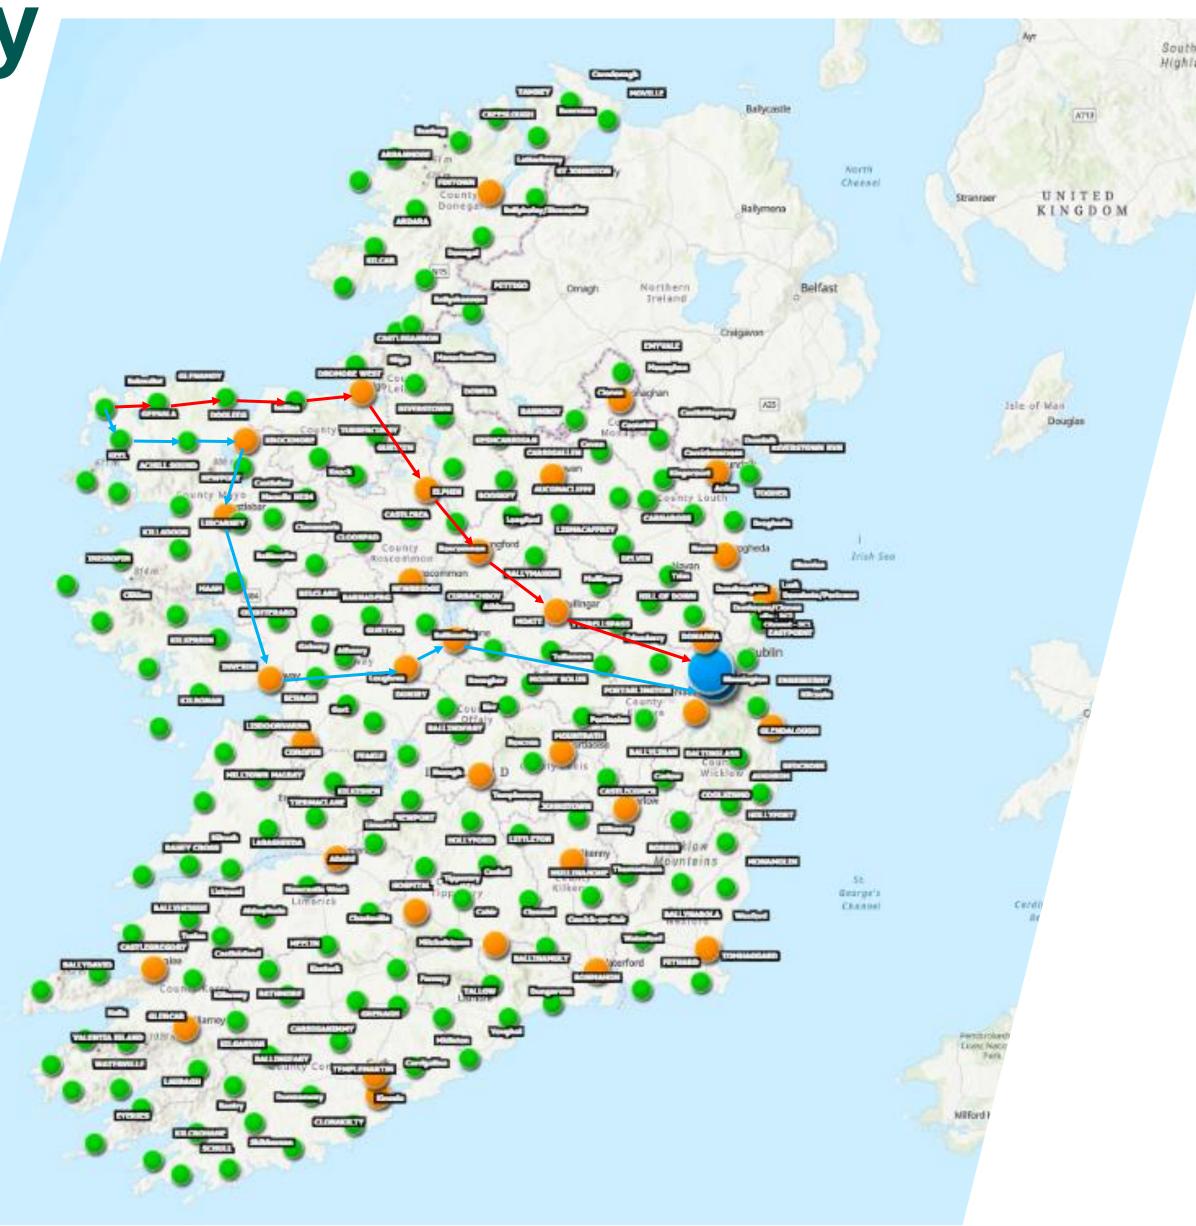

□ Homes and Businesses place an order with a retailer and then get connected by NBI with charges on a par with urban areas

### **Data Network Connectivity**

- When a premises connects to the internet, the data traffic is sent to a **Local Exchange**.
- From there, the Local Exchange sends the data traffic to a **Regional Exchange**.
- The data traffic is then sent to **Data Centres**. which are primarily in Dublin.
- Primary Data Path
- Backup Data Path

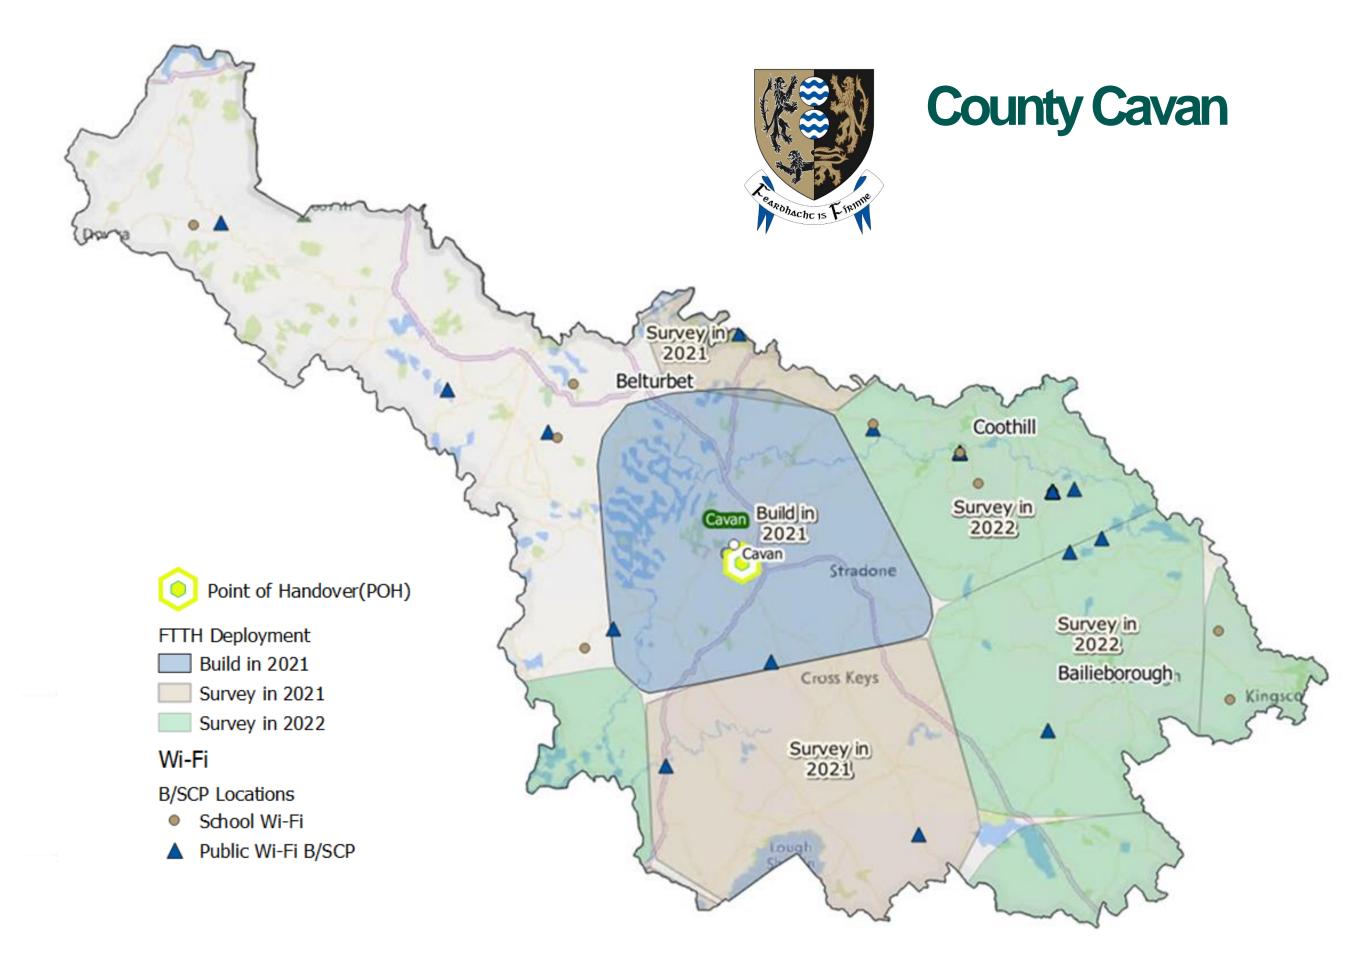

### Fibre-To-The-Home

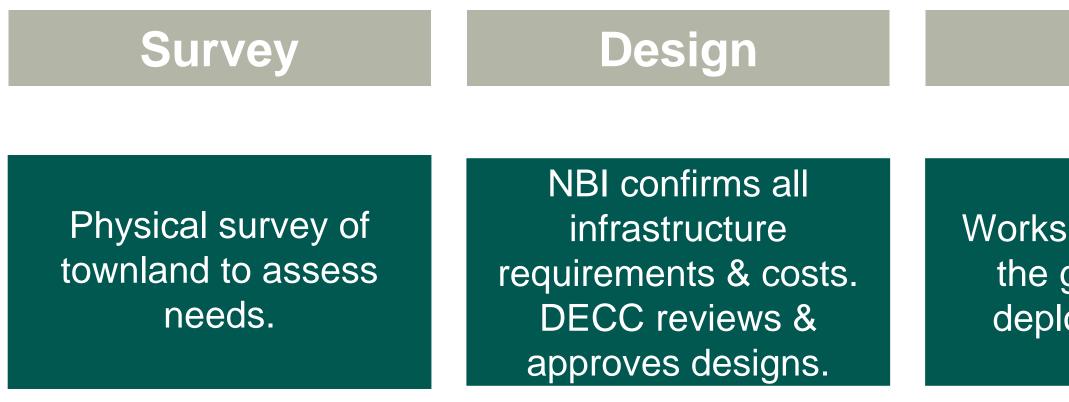

- Each Deployment Area is designed to build out the network, starting at Regional Exchanges rolling out to smaller Local Exchanges.
- Regular updates are provided to the public and stakeholders on build progress and connection timelines
- All homes are addressed within a circa 20 Km radius from the exchange area regardless of how remote

### **Network Build to Connection**

15 An Roinn Comhshaoil, Aeráide agus Cumarsáide | Department of the Environment, Climate and Communications

### Build

#### Order

Works commence on the ground in the deployment area.

Customers place orders for High Speed Broadband with NBI, through Retail Service Providers.

#### Connection

Customers are connected to High Speed Broadband by Retail Service Providers.

18 months from survey to service availability – NBI currently in the process of updating their website to increase to the advance notice for estimated availability dates

## Fibre Deployment Update

#### **Deployment Area**

**Premises Surveyed = 196k Premises currently in build = 92k Premises ready for connection = 900+** 

✓ Actively working across 63 DA's ✓ Build Underway in 25 DA's ✓ Surveying completed in 35 DA's ✓ Surveying underway in 3 DA's

### **Retail Service Provider Update**

NBI is a wholesaleonly provider of network services.

41 retailers have agreed to work with NBI so far, from Vodafone (large) to Ivertec (small).

Consumers are guaranteed 500Mbps download and 50Mbps upload.

Businesses can avail of faster packages with up to 5+Gbps.

NBI has engaged with over 40 service providers on a monthly basis.

Consumers will be able to purchase Broadband, TV, mobile and landline from the same provider in "bundled" services.

# NBP in the Community

### **Broadband Connection Points**

#### In 2020 and early 2021 NBI will connect 270+ Broadband **Connection Points (BCPs)**

- Sites are located across all 26 counties.
- These points will provide free high-speed internet access with many offering remote working capabilities.
- BCPs have been selected by local authority BBOs and submitted to the Department of Rural & Community Development. They are subject to change & schools will only provide educational access for pupils or any post school activities.
- The objective of BCPs is to ensure high speed connectivity for those in the Intervention Area in the short term.
- Vodafone have a separate contract with DRCD to provide WIFI at all locations except schools
- Department of Education manage the schools WIFI service

### **Public BCPs & Primary Schools**

- **Over 280 Public WiFi BCPs installed**
- **Over 100 Primary Schools installed so** far which will grow to over 700

The full list of BCPs is available on www.nbi.ie

#### School sites

#### Public Wi-Fi sites (BCPs)

# NBP & Local Authorities

### Infrastructure upgrades

- Reuse of existing infrastructure critical to reduce cost and ensure speed of delivery
- Ducts and poles are crucial to the roll out of the NBP - NBI and eir are in the process of upgrading the old copper network infrastructure
- NBI are also using the MANs network to facilitate the laying of fibre.
- Towers and masts are not being built as part of the roll out.
- Section 254 of Planning and Development Act an important step for successful rollout to connect homes.
- New guidelines will be issued shortly to all Local Authorities to assist planners/engineers.

## The role of LAs in NBP

#### Supporting the roll out

- Local Authorities will see significant activity from subcontractors and NBI in terms of licence applications.
- Other commercial operators such as eir/Siro/Virgin Media/Imagine also seeking licences/permits on an ongoing basis
- **Consistency** of approach across Local Authorities critical to closing out reviews and granting of licences where appropriate to do so.
- Broadband Officers in each Local Authority play a key role in **co-ordinating stakeholders** to ensure **open** lines of communication are maintained.

#### **Communicating the value of NBP**

- NBI working with closely with Broadband Officers to launch BCPs and connect with communities.
- Information and briefing supports available to Local Authorities from DECC and NBI Aeraide agus Cumarsáide | Department of the Environment, Climate and Communications

### **NBP Contacts**

#### **NBP QUERIES**

The NBI website provides information for any premises within the intervention area and allows people to register their interest in being provided with deployment updates www.nbi.ie

#### **AMBER AREA QUERIES**

Premises in the AMBER area will be provided with high-speed broadband through the NBP State led intervention. NBI follow up on queries through their call centre at (lo call) 0818 624 624 or email contactus@nbi.ie

#### **BLUE AREA QUERIES**

The BLUE area represents those areas where commercial providers are either currently delivering or have plans to deliver high-speed broadband services. In the event that high speed broadband is not possible in these areas (incl. those who cannot receive 30Mbps) contact broadband@dccae.gov.ie.

#### **OTHER QUERIES**

The Department has a dedicated email address at broadband@dccae.gov.ie for any other queries that do not fall under these categories.

### Thank you

### broadband@dccae.gov.ie
